

ECOPROFIT® Club Augsburg

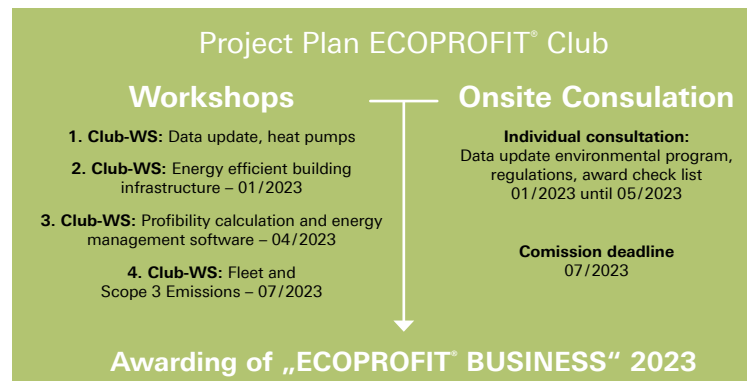

2022/2023

Best technology+ best chemistry+ best service = your success

WashTec is the world market and innovation leader in the field of car wash technology. WashTec offers car wash systems for all expectations and needs, from gantry car washes, standard car washes and self-service car washes to commercial vehicle washes. WashTec was founded in 2000 through the

merger of California Kleindienst and Wesumat AG. Today, the company is headquartered in Augsburg and employs over 1,800 people in more than 80 countries. We are proven experts in the field of car wash technology and the world's leading manufacturer.

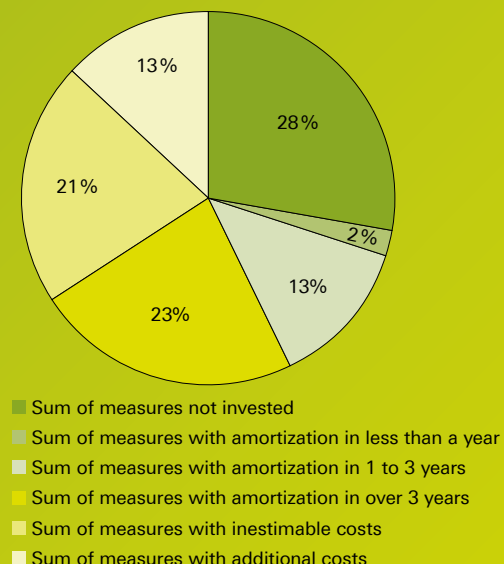

Per year, the 10 ÖKOPROFIT®-companies collectively save:

Energy	Electricity	2 065 478 kWh
	Heat	39 567 327 kWh
CO ₂ -emissions		10 813 604 kg
Raw materials/waste	Paper	24 000 sheets
	Waste	7 650 kg
Transacted investments		8 710 423 €
Yearly savings in cost		999 394 €

What is ÖKOPROFIT®?

ECOPROFIT® (Ecological PROject For Integrated Environmental Technology) is a project of the city of Augsburg. Continual cooperation partners are the Bavarian State Office for Environment, the Swabian Chamber of Industry and Commerce and the association, KUMAS, the environmental competency center e. V. The city of Augsburg supports companies through ECOPROFIT® in improving their corporate environmental protection measures. With the support of the consulting company Arqum GmbH, the participating companies develop 47 practical measures, which not only reduce the environmental impact, but also costs. The ECOPROFIT® measures contribute to sustainable businesses. ECOPROFIT® is therefore an important project for environmental and climate protection.

These were the ÖKOPROFIT® Club members in 2022/2023:
